# 1. Background

## 1.1. Introduction

The assurance of legal timber from Myanmar exported to international markets can be provided using licenses/permits issued by Myanmar. These Licenses /permits will be underpinned by a MTLAS.

The key components of MTLAS are:

- I. Definition of legal timber;
- II. Principles and criteria of legal timber;
- III. Source of Timber;
- IV. Control Procedure.

## 1.2 Definition of Legal Timber

Definition of legal timber is as follows:

Timber produced and harvested domestically by authorized entities in approved areas, and timber and timber products, transported, manufactured and exported in accordance with the laws, regulations and procedures pertaining to forestry, timber industry and trade of Myanmar.

## 1.3 Product Coverage

A total of twenty-seven (27) such as log, timber and timber products are covered in the scope of MTLAS namely:

No.	HS Heading	Description	Product Lists	Remarks
1	44.01	Fuel wood, in logs, in billets, in twigs, in faggots or in similar forms; wood in chips or particles; sawdust and wood waste and scrap, whether or not agglomerated in logs, briquettes, pellets or similar forms.	Wood chips, wood pellets in similar forms of all fuel wood	Finished
2	44.02	Wood charcoal (including shell or nut charcoal), whether or not agglomerated.	All wood charcoal including bamboo charcoal, coconut shell charcoal	Finished
3	44.03	Wood in the rough, whether or not stripped of bark or sapwood, or roughly squared.	Wood in the rough including all types of logs, Boule Cut Logs and Baulk Squares	Raw Material
4	44.04	Hoopwood; split poles; piles, pickets and stakes of wood, pointed but not sawn lengthwise; wooden sticks, roughly trimmed but not turned, bent or otherwise worked, suitable for the manufacture of walking-sticks, umbrellas, tool handles or the like; chipwood and the like.	Roughly trimmed wood products and the like	Raw Material
5	44.05	Wood wool; wood flour.	Wood Products and the like	Semi- finished

No.	HS Heading	Description	Product Lists	Remarks
6	44.06	Railway or tramway sleepers (cross-ties) of wood.	Sleepers of wood	Finished
7	44.07	Wood sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or end-jointed, of a thickness exceeding 6 mm.	All wood products above 24 square inches (15,484 square mm) in the cross-sectional area.	Rough Sawn
8	44.07	Wood sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or end-jointed, of a thickness exceeding 6 mm.	Thickness 4 inches and below, width 14 inches and below, all wood products with a cross-sectional area of 12 square inches (7742 square mm) and up to 24 square inches (15484 square mm)	Semi-finished
9	44.07	Wood sawn or chipped lengthwise, sliced or peeled, whether or not planed, sanded or end-jointed, of a thickness exceeding 6 mm.	All wood products below 12 square inches (7,742 square mm) of the cross-sectional area	Semi-finished
10	44.08	Sheets for veneering (including those obtained by slicing laminated wood), for plywood or for similar laminated wood and other wood, sawn lengthwise, sliced or peeled, whether or not planed, sanded, spliced or end-jointed, of a thickness not exceeding 6 mm.	All types of veneer	Finished
11	44.09	Wood (including strips and friezes for parquet flooring, not assembled) continuously shaped (tongued, grooved, rebated, chamfered, V-jointed, beaded, moulded, rounded or the like) along any of its edges, ends or faces, whether or not planed, sanded or end-jointed.	All Moulded wood 24 square inches (15,484 square mm) of cross-sectional area and under	Finished
12	44.10	Particle board, oriented strand board (OSB) and similar board (for example, waferboard) of wood or other ligneous materials, whether or not agglomerated with resins or other organic binding substances.	Particle Board, Oriented Strand Board (OSB) and other similar boards	Finished
13	44.11	Fibreboard of wood or other ligneous materials, whether or not bonded with resins or other organic substances.	Fiberboard and other similar boards	Finished
14	44.12	Plywood, veneered panels and similar laminated wood.	All types of plywood and similar (glue) laminated/ finger-jointed wood products	Finished

No.	HS Heading	Description	Product Lists	Remarks
15	44.13	Densified wood, in blocks, plates, strips or profile shapes.	Densified and laminated all wood products with glue or Melamine	Finished
16	44.14	Wooden frames for paintings, photographs, mirrors or similar objects.	Other similar wood objects	Finished
17	44.15	Packing cases, boxes, crates, drums and similar packings, of wood; cabledrums of wood; pallets, box pallets and other load boards, of wood; pallet collars of wood.	Other similar wood objects	Finished
18	44.16	Casks, barrels, vats, tubs and other coopers' products and parts thereof, of wood, including staves.	Other similar wood objects	Finished
19	44.17	Tools, tool bodies, tool handles, broom or brush bodies and handles, of wood; boot or shoe lasts and trees, of wood.	Other similar wood objects	Finished
20	44.18	Builders' joinery and carpentry of wood, including cellular wood panels, assembled flooring panels, shingles and shakes.	All prefabricated building wooden materials including Doors, Windows and their frames and thresholds, engineered floors and wall mounted mirror frames	Finished
21	44.19	Tableware and kitchenware, of wood.	All wooden materials of tableware and kitchenware.	Finished
22	44.20	Wood marquetry and inlaid wood; caskets and cases for jewellery or cutlery, and similar articles, of wood; statuettes and other ornaments, of wood; wooden articles of furniture not falling in Chapter 94.	Sculpture, inlaid wood, Puppets, cases for jewellery, other wooden boxes, all furniture and wooden articles of furniture not falling in Chapter 94	Finished
23	44.21	Other articles of wood.	All wood products not included above (Cloth hanger, Candy Sticks, Ice Cream Sticks, Prayers beads, Toothpicks, etc.,)	Finished
24	94.01	Seats (other than those of heading 94.02), whether or not convertible into beds, and parts thereof.	All wooden seat and bed for furniture	Finished
25	9403.30 9403.40 9403.50 9403.60	- Wooden furniture of a kind used in offices - Wooden furniture of a kind used in the kitchen - Wooden furniture of a kind used in the bedroom - Other wooden furniture:	Any size of all wooden furniture	Finished
26	9403.82 9403.83	Furniture of rattan, bamboo or similar materials.	Any size of all rattan, bamboo furniture.	Finished

No.	HS Heading	Description	Product Lists	Remarks
27	94.06	Prefabricated buildings	All components are prefabricated wooden buildings.	Finished

The products list in the above table are described according to the lists announced by the Ministry of Natural Resources and Environmental Conservation (MONREC)<sup>1</sup>.

Although MONREC banned export of round logs harvested from the Natural Forests since 2014<sup>2</sup>, the Ministry issued a statement which will allow to export the round logs extracted from the private owned and state-owned plantations after assessing case by case in 2019<sup>3</sup>.

#### 1.4. Sources of Timber

MTLAS covers logs, timber and timber products derived from the following sources.

No.	Sources of Timber
1	Reserved Forests (RF);
2	Protected Public Forests (PPF);
3	Unclassified Forest (outside of the Permanent Forest Estate PFE)
4	Plantations (Private Owned and State Owned)
5	Community Forests
6	Conflict Timber <sup>4</sup>
7	Conversion Timber <sup>5</sup>
8	Confiscated Timber <sup>6</sup>
9	Rubber Plantations
10	Trees outside forests
11	Imported Timber
12	Drift timber

Ministry of Natural Resources and Environmental Conservation (MONREC) declared a moratorium on all logging for the 2016-17 fiscal year as a nationwide<sup>7</sup> and 10 years (2016-2026) for the Bago Yoma Region. In addition, the Ministry prohibited the export of timber products that include confiscated timber, timber from land clearing and timber from conflict areas but they can be used only in the domestic market.

### 1.5. Control Procedure

To ensure the supply and export of legal timber as defined above, the MTLAS will be the existing system of assurance of export licenses for timber & timber products from Myanmar.

The control procedures and documents involved in the process of issuing the export licenses for timber product by the Department of Trade, Ministry of Commerce will ensure that the laws, regulations and procedures dealing with the licensing of forest harvesting, milling, export and import have been complied with six principles of MTLAS. The corresponding criteria for each principle and detailed description are identified in the Section 2. Principles, Criteria and Indicators of Legal Timber.

### 1.6. Institutional Arrangement

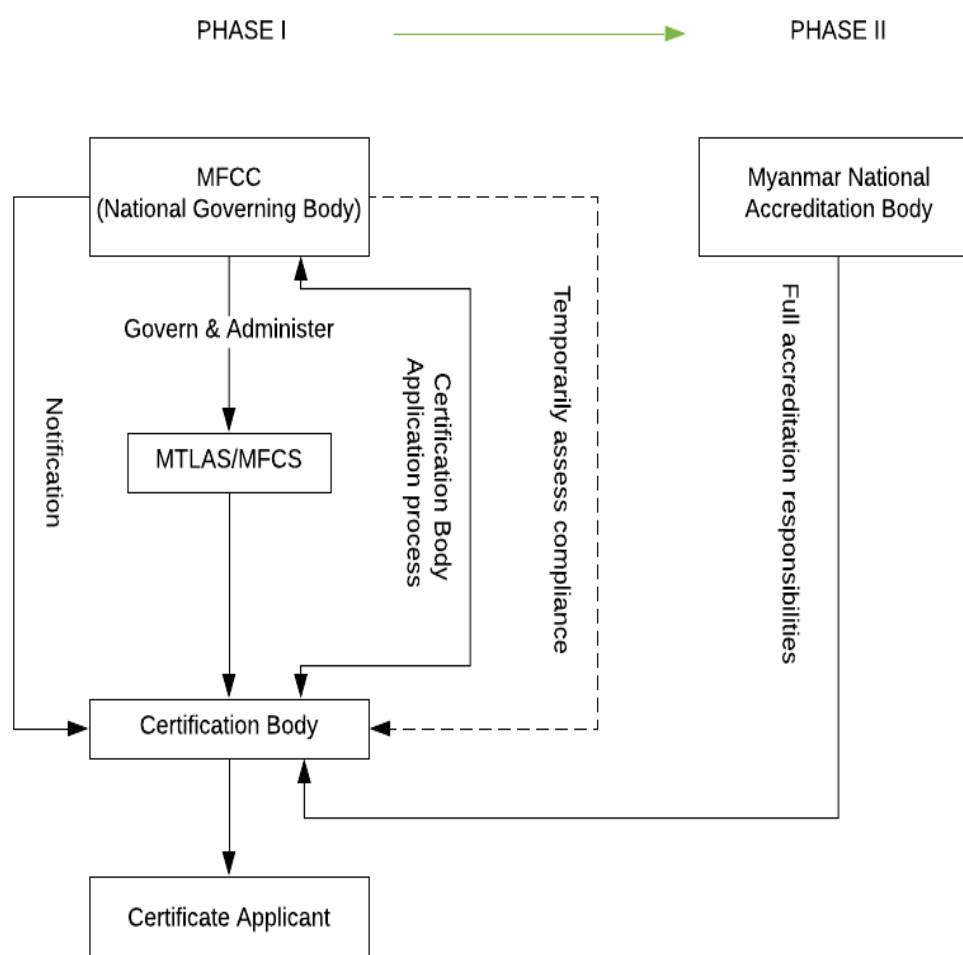

Myanmar Forest Certification Committee (MFCC) is the National Governing Body (NGB) of forest/timber certification schemes in Myanmar. Currently there are two schemes operating in Myanmar:

- The Myanmar Timber Legality Assurance System (MTLAS);
- The Myanmar Forest Certification Scheme (MFCS).

Myanmar Forest Certification Committee (MFCC) developed Standard Operating Procedures (SOP), Policies, and two standards such as Myanmar Timber Legality Assurance System (MTLAS) for the timber legality and Myanmar Forest Certification Scheme (MFCS) for the Sustainable Forest Management.

In relation to MTLAS, the Standard Operating Procedures (SOP) have been developed as well as the MFCC itself and the interested parties need to follow the documents which can be find on the MFCC website ([www.mfcc.org.mm](http://www.mfcc.org.mm)) since 2018 August.
